## Topics:

- Information preservation, curation, and accessibility – in 3D! (3D = tour)
- The intersection of **Library Science/Information Science/Archives/Knowledge Management/Records Management**
- **Career opportunities in the Information Profession**, and tips for successfully navigating them
- Understanding how the employees/audience you serve do their work, and **what they need from you to do it**
- Pulling it all together with self-awareness, self-management, social-awareness, and perspective – so you **excel as an information professional** across the board.

## Plus!

- Stories from the trenches!
- **Networking time built in for more in-depth conversations**
- Delicious breakfast and lunch!

## Audience:

- Students and new professionals
- Experienced members exploring new opportunities
- Professionals changing careers or those thinking about it
- Colleagues in other information organizations

**Cost:** Members: \$30 - Non-members: \$40 - Students and new professionals: \$20

*If you are in need of sponsorship or subsidized registration, please [EMAIL US](#). Examples include students, professionals in transition, or other unique circumstances.*
