Why: (Part 1)..... to celebrate the power of our network..... even though many of us were unable to make the SLA Annual conference this year, let's have our very own sharing and networking event to remind us of how we can make a difference to our workplace, and to each other. Let's toast our 2013 Library Science Graduates!

Why: (Part 2): Following the happy hour, join us for an interactive learning/sharing session. Demo your favorite website, app, blog site or database. Tell us about a resource that you just can't live without, or stumbled upon and finally tried it out...and think it's great...we are ready to learn!
