RSVP by **April 14** to Brian Steinmetz, bsteinmetz@reedsmith.com

As information professionals, we are often called upon to provide training on information resources, speak at programs or conferences, and present information to customers and colleagues. Sharon's talk will cover how to engage participants and facilitate learning, as well as how to develop a successful presentation style. Share some ideas of your own and pick up a few tips before your next public speaking engagement.

This event was made possible through the generosity of **DOWJONES**
