Wrap-up/Closing - Meeting will remain open for general networking	1:55-2:00

Lighting Talk Topics and Presenters:

***"The Graduate"** David Ballantine, San Jose State University*
>David graduated from San Jose State University with an MLIS degree earlier this year. He will share what post graduate experience has been like and his progress in searching for a new job. A most valuable activity has been networking, which has come in large part with his volunteering at the Socal SLA. David will offer tips and motivation for others who may be in similar shoes.

"Tips for Entering, Re-Entering, or Making a Career Transition in the Library and Info Services Field" *Kim Dority, SJSU iSchool Career Consultant for Students and Alumni*

> As the career advisor to the School of Information at San José State University, Kim Dority focuses on highlighting the diversity of career opportunities available to iSchool students and sharing the strategies necessary to find or create those opportunities.

"Report back from the Information Science Summit" *JonLuc Christensen - Records Management Specialist and FOIA Lead at the Jet Propulsion Library*

> The Information Science Summit will take place October 28th in Pittsburgh, PA and focus on "Innovation and Trends in Information Science - Practice, Research, and LIS Education". JonLuc will be in attendance and also be a keynote speaker. He will share his key takeaways from the event.

"Learning How to Successfully Use Hybrid Event Technology for Library Speaker Series Events at Christian Brothers University" *Mark W. Duncan, Instruction & Outreach Librarian, Christian Brothers University*

> Mark Duncan will share how Plough Library at Christian Brothers University has successfully used hybrid technology for library speaker events and how others can adapt the setup for their specific needs and situations.

"Introducing IDC Pathways Leadership Development Programs" *Eddy Long, IDC Program Director for Pathways Leadership Development Programs, and Ann Whiting, IDC Account Director for Higher Education and State & Local Government*

> Pathways is an accelerated leadership program designed to provide solution oriented programming reinforced with mentoring and coaching to propel your career and serve as a platform for growth. Our unique offerings and proven methodologies can help accelerate your personal and professional growth — advancing your career to the next level.

"SUNY Exploring Emerging Technologies for Lifelong Learning and Success (#EmTechMOOC)" *Robin Sullivan, Teaching & Learning Strategist at University at Buffalo*

> Learn how libraries located anywhere in the world can take advantage of the State University of New York (SUNY) Exploring Emerging Technologies for Lifelong Learning and Success (#EmTechMOOC) < http://suny.edu/emtech >. EmTech is an online learning opportunity targeted to the needs of college

students, faculty, and anyone interested in learning about the value and implications of using emerging technologies for personal and professional growth.

"Success vs. Burnout" *Kayla Kuni (she/her/hers), Associate Director of Libraries at Pasco-Hernando State College*
> Burnout, especially in librarianship, is easy to slip into. This lightning round presentation will discuss common causes of burnout and some potential remedies should one find themselves feeling like they are experiencing burnout.

"Reset Your Thinking: the Role of the Cataloger in the 21st Century Technical Services Department" *Jaye Lapachet, OCM Knowledge Manager, Genetech*
> Jaye is a detail-oriented knowledge manager and professional librarian experienced working in a variety of organizational settings requiring strong creative problem solving, technical and interpersonal skills. She uses her skills to liaise across departments to build consensus and provide support for projects and training. In this talk, she will explain why cataloging is really 21st century metadata, and Tech Services is the crucial infrastructure that allows Reference to run smoothly.
